

SEE & DO
 Courses 1 and 2
 are for children
 4 through 7
 years of age.
 They present
 Bible truths
 through well-
 illustrated Bible
 stories. Each
 lesson includes a
 page to color
 and a Bible quiz,

designed for the parent or teacher to read to the child. After several readings, the child may begin to read for himself with the help of the illustrations.

If you need an application to use literature, an order form, or brochures giving pertinent information about Source of Light Ministries International, please request these.

Any series of lessons, for the appropriate age, are excellent for teaching in a group setting. They need not be used only in the suggested order of study. There are no teacher's manuals. The teacher needs to spend extra time in preparing the lessons and doing background study.
